Applicable 2009 LEED NC credit information for the TorZo sustainable surface product line

LEED Category	Description	Possible Credits	Indure™	Orient™	Durum™	Seeta™
Indoor Environmental Quality (IEQ 4.4)	Composite wood and agrifiber products must contain No Added Urea Formaldehyde	IEQ 4.4 (1-pt)	No added urea formaldehyde	No added urea formaldehyde	No added urea formaldehyde	No added urea formaldehyde
Materials and Resources (MR 4)	Recycled content - 10/20% of total materials: materials obtain full credit for post-consumer, 1/2 credit for pre-consumer recycled content.	MR 4 (2-pts)	Indure is made from >65% pre-consumer FSC certified recycled wood and <35% acrylic resin.	Orient is made from >75% pre-consumer SFI recycled wood and <25% acrylic resin.	Durum is made from >70% pre-consumer wheat waste product and <30% acrylic resin.	Seeta is made from >70% pre-consumer sunflower seed shell waste product and <30% acrylic resin.
Materials and Resources (MR 5)	Regional Materials - 10/20% of materials must be extracted/harvested/recovered and manufactured within 500 miles of the project site.	MR 5 (2-pts)	Applies to projects that are within 500 miles of the TorZo manufacturing facility in Oregon.	Applies to projects that are within 500 miles of the TorZo manufacturing facility in Oregon.	Applies to projects that are within 500 miles of the TorZo manufacturing facility in Oregon.	Applies to projects that are within 500 miles of the TorZo manufacturing facility in Oregon.
Materials and Resources (MR 6)	Rapidly Renewable Materials - 2.5% of materials must be made from plants which are harvested within a 10-year cycle	MR 6 (1-pt)			Durum is made from >70% pre-consumer wheat stalk and therefore falls under rapid renewable resource.	Seeta is made from >70% pre-consumer sunflower seed product and therefore falls under rapid renewable resource.
Materials and Resources (MR 7)	Certified Wood - 50% of wood based materials must be sustainably harvested according to approved guidelines	MR 7 (1-pt)	Indure is made from >65% pre-consumer FSC certified medium density fiber board.
